

Rutland
County Council

**Adult Social Care Strategy
2015-2020**

We know that people are living for longer

We know that some people need help and support now

We know that some people will need help and support as they get older

The Council have been looking at how they can support people over the next 5 years

The Council have written a plan to show what they want to do.

It is called the Adult Social Care Strategy

Their plan will last for the next
5 years

The Council are looking to find new
ways of working

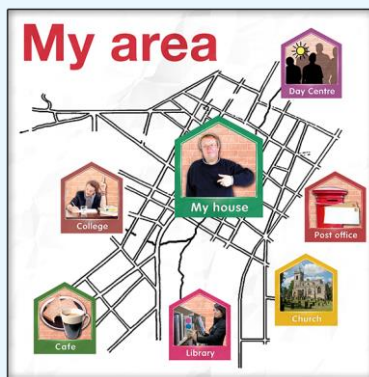

So that you still get the support that you
need

The Council wants to make
sure people living in Rutland
are safe

The plan says how the Council will help you to stay healthy

How you will find local support

Being independent and able to stay in your own home for as long as possible

To support you the Council will ask other people to help where they can to support you in your community

The Council will listen to you
and give you advice and
information about other help
and support that might be
available

You

The Adult Social Care Strategy is here
to help YOU
