

# Adding important information to your NHS Summary Care Record

You already have a Summary Care Record (SCR)

Your SCR has important information about your health in it:

- **Medicines** you take
- **Allergies** you have
- Any medicines that make you ill

You might need to see a doctor or nurse who does not know you

If they do not know about your care, your SCR could:

- Stop them making a mistake, because they can see your medicines, allergies or what medicines make you ill
- Help them see your information straight away on a computer

Doctors and nurses treating you will ask if they can look at your SCR to help them treat you quickly and safely

## You can choose

You can choose to have other useful information added to your SCR, including:

- Your **illnesses** and any **health problems**
- **Operations** and **vaccinations** you have had in the past
- **How you would like to be treated** - such as where you would prefer to receive care
- What **support** you might need
- **Who should be contacted** for more information about you

## What to do next

If you think you want to add other useful information to your SCR, talk to your GP practice. They will add it to your SCR and keep it up to date for you

If there is information you don't want adding, let your GP practice know

## For more information

- **Talk** to staff at your GP practice
- **Call 0300 303 5678**
- **Visit [hscic.gov.uk/scr](http://hscic.gov.uk/scr)**

# NHS Enhanced Summary Care Record with additional information

If you are registered with a GP practice in England you will have a core Summary Care Record (SCR), unless you have previously chosen not to have one. It includes important information about your health:

- Medicines you are taking
- Allergies you suffer from
- Any bad reactions to medicines

**You can also choose** to have additional information included in your SCR, which can enhance the care you receive. This information includes:

- Your illnesses and health problems
- Operations and vaccinations you have had in the past
- How you would like to be treated – such as where you would prefer to receive care
- What support you might need
- Who should be contacted for more information about you

**Healthcare leads across LLR recommend that all patients sign up.** You may need to be treated by health and care professionals who do not know your medical history. Essential details about your healthcare can be difficult to remember, particularly when you are unwell or have complex care needs. Having an enhanced SCR can help the staff involved in your care make better and safer decisions about how best to treat you.

## What to do next

If you would like your SCR to be enhanced with additional information (or the SCR of someone you are a carer for), then please complete this form, to be returned to your GP surgery.

Name of patient: .....

Date of birth: ..... Patient's postcode: .....

Surgery name and location: .....

NHS number (if known): .....

Signature: ..... Date: .....

If you are filling out this form on behalf of another person, please ensure that you fill out their details and sign the form above, and provide your own details below:

Name: .....

Capacity:  
Please circle one

Parent	Legal Guardian	Lasting power of attorney for health and welfare
