

Updates

Employment and Skills

Gemma Ruigrok has now left RCC

We will inform you of her replacement when it is known

Autism Partnership Board

Lorraine Tarratt, Rutland County Council

- Unfortunately Lorraine was unwell and could not attend our meeting to update us.

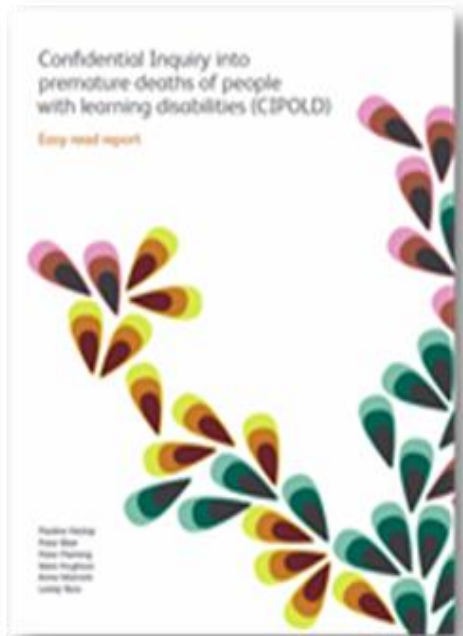

Better Health Group

Sam Screaton

- Lots of people came to the meeting in April
- We had a talk from Public Health who told us all about the things they do to try to keep everyone healthy and well
- They told us that there is a public health officer for Rutland

- We also had a talk on the LeDeR programme. This is a project that is happening across the Country. When someone dies someone who has had special training reviews all the care they had from everyone involved in the last few months of their life to make sure they got the best care possible and to see what we can learn about making care better for people
